Connectivity, may it be social, personal or economical, is vital in contemporary world for the sake of progress and development. There are ways and means of connecting with the rest of the world in present era. Publication of Directory containing indepth information of certain business group is very helpful to contact and for inclusive growth.

I am pleased to learn that the **Council of State Industrial Development & Investment Corporations of India** is going to publish an "**Executive Telephone Directory 2019**".

My best wishes for its useful publication.
