Message...

I am happy to convey my warm greetings to all members of COSIDICI. I also congratulate the Editorial Team for their dedication in promoting industrial growth through this Journal.

In today's fast-changing economy, COSIDICI and its member institutions play a vital role in supporting MSMEs and regional development. Their efforts are helping our states grow stronger and also aligning with the nation's vision of building an Atmanirbhar Bharat.

Goa is committed to building an industry-friendly environment that supports innovation and entrepreneurship. We deeply value the work COSIDICI does to bring states together and share knowledge.

I wish COSIDICI all the best for this edition and for its continued work in strengthening India's MSME sector.
