## *Message...*

The Council of State Industrial Development and Investment Corporation of India, an apex body of all the State Level Financial Institutions (SLFIs), has been playing a vital role in the industrial development of the Country.

COSIDICI has entered into a long term arrangement with the RBI's College of Agriculture Banking, Pune to conduct specialized training programmes for the officers of SLFIs. Such training programmes will help in capacity development of officers of the SLFIs and equip them to meet the newly emerging challenges.

I am very happy to learn the COSIDICI is also publishing bi-monthly magazine. The magazine contains comprehensive information pertaining to various promotional and development schemes of State Level Financial Institutions (SLFIs) and also provides a forum for exchange of views on issues pertaining to the sector.

I congratulate COSIDICI for bringing out this journal and I am sure that this will be of immense benefit to different stakeholders in the Industry.
