I am glad to know that the Council of State Industrial Development & Investment Corporations of India (COSIDICI) - an apex body of all State Level Financial Corporations, is publishing its magazine titled "COSIDICI COURIER" for accomplishing its objectives and establishing direct communication link with its Member Corporation.

It is heartening to note that since its inception, the COSIDICI has been fully engaged in promotion, development and financing of the industries in small, medium and large sectors as well as developing industrial infrastructure facilities in the States. The COSIDICI is also rendering valuable services to its Member Corporations and representing their views.

I convey my best wishes to the COSIDICI for the success of its publication.
