MESSAGE

It gives me immense pleasure to note that '**COSIDICI**' serves the interests of State Level Financial Institutions {SLFIs} which boost the MSME sector. We all know that this sector is the way to faster growth as it is more attuned to the domestic economy. MSMEs face challenging issues which must be addressed immediately. The COSIDICI COURIER highlights these issues and provides useful insights which can help in overcoming all kinds of hurdles in their operations thus putting the country on a sustained high growth path.

The initiative taken by COSIDICI is laudable and needs commendation. I wish to congratulate all the office bearers of the COSIDICI for their relentless efforts and wish them success for all their present and future endeavours.

With Warm Regards,

{ **PRAVEEN KUMAR** }
