Message...

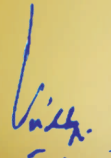

It gives me immense pleasure to know that Council of State Industrial Development & Investment Corporations of India (COSIDCI) has been publishing a Bi-monthly Journal titled "COSIDICI COURIER" since 1978 for accomplishing its objective and for establishing direct communication link with its Member Corporations.

I am happy to note that COSIDICI is an apex body of all State Financial Corporations (SFCs), State Industrial Development Corporations (SIDCs) and State Investment & Infrastructure Development Corporations (SIIDCs) engaged in the promotion, development and financing of small scale and medium scale industries in the States. Besides, it is largely responsible for creating and developing infrastructure facilities like industrial estates, industrial parks, housing complexes for industrial workers and also setting up of SEZs in certain States.

State Government has accorded top priority to planned industrialization in the State. To attract industrial investment, the State Government is proactively and aggressively following the approach of "Industry by invitation". State will make concerted efforts to reach out to potential investors by organizing special investor meets.

My best wishes for the successful publication of the Journal.

(Virbhadra Singh)
