MESSAGE

It gives me immense pleasure to know that the Council of State Industrial Development and Investment Corporations of India is bringing out the next edition of its institutional bi-monthly journal COSIDICI Courier.

The Council has been instrumental in upgradation of the conceptual and operational skills of the officers of SLFIs to handle their assignments more effectively. Specialized training programmes were being organized to regularly update them about the latest trends in the profession with the technical expertise of the RBI College of Agriculture Banking. In the age of information technology process of dissemination of information has fastened up and any required information is now available at a single press of the button. There is a necessity to keep pace with the emerging trends the world over in different sectors and the Council has been lending a supportive hand in the matter to the SLFIs,

I hope the COSIDICI COURIER continues to give information of immense value to its members to keep them updated about related activities taking place globally.

I send my best wishes for the successful publication of the journal.

(Prem Kumar Dhupal)
