Message...

It's a matter of pleasure that Council of State Industrial Development and Investment Corporations of India (COSIDICI) is bringing out next issue of its bi-monthly journal entitled as "COSIDICI COURIER".

COSIDICI being the apex body of State level financial institutions, it has a vital role to play in promotion of industrial sector. The publication of "COSIDICI COURIER" is, therefore, a significant aspect to coordinate with member corporations and keep them abreast of the developments taking place in the industrial sector.

I convey my best wishes to the COSIDICI for the successful publication of "COSIDICI COURIER".
