D.O. No. CMH-2012 /.....

मुख्य मन्त्री, हरियाणा,
चण्डीगढ़।

CHIEF MINISTER, HARYANA,
CHANDIGARH.

Dated27-1-2012.....

MESSAGE

It gives me pleasure to know that Council of State Industrial Development and Investment Corporations of India brings out a bi-monthly journal entitled as "COSIDICI JOURNAL" to establish direct communication link with its member Corporations. Such journals help member organizations in keeping themselves well informed of the new developments in industrial sector and maintain liaison with each other.

Haryana Government has implemented a new Industrial and Investment Policy to give boost to industrial sector by providing a number of incentives to the entrepreneurs. Today, Haryana is emerging as one of the fastest growing States in the country. It is amongst the top states in terms of per capita income. We are one of the leading states in the country in terms of manufacture of a number of consumer products like passenger cars, mobile cranes, earth movers, two-wheelers, bi-cycles and tractors etc. Haryana is already a leading centre for the automobile sector and Gurgaon-Manesar-Bawal belt has acquired a reputation as an Auto Hub.

I hope the Council of State Industrial Development and Investment Corporations of India will continue to play a vital role in development of industrial sector in the country thus giving a boost to the economy.

My best wishes.

(Bhupinder Singh Hooda)
