MESSAGE

I am glad to know that COSIDICI, an apex body of all State Level Financial Institutions (SLFIs), is going to publish its bimonthly journal titled "**COSIDICI Courier**", which contains comprehensive information regarding promotional and developmental schemes of the State Corporations for setting up of industries and serves as a useful guide to the potential investors from inside and outside the country as also indicates state-wise investment opportunities and incentives available to the prospective entrepreneurs

It is appreciable to note that the main aim of COSIDICI is to provide a common platform for promotion, development and financing of industries in the small, medium and large scale sectors and also to develop industrial infrastructure facilities in the states.

I wish all success to the members of COSIDICI for publication of its journal.
