MESSAGE

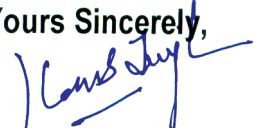

I am glad to learn that the Council of State Industrial Development & Investment Corporations of India is bringing out its bi-monthly Journal~ "COSIDICI COURIER". I understand that this Journal has proved to be useful to the commercial banks, financial institutions, university libraries and individual entrepreneurs.

It is appreciable that since its inception COSIDICI has been playing its role efficiently and also influenced the growth of SLFI sector by providing specialized training programs for the Officers of SLFIs and rendering useful services to its Member Corporations. I am sure the efforts of COSIDICI would go a long way in achieving the overall objective of economic growth of the country.

I extend my sincere and best wishes for successful publication of the Journal ~ "COSIDICI COURIER"

With Best Regards,

Yours Sincerely,

(NASEEB SINGH)
