MESSAGE

It gives me immense pleasure to note that Council of State Industrial Development & Investment Corporations of India (COSIDICI) has been publishing a bi-monthly journal under the title "COSIDICI COURIER".

The activities of COSIDICI serve a wider section ranging from State Level financial institutions, State Industrial Development Corporation, Government departments to Technical Libraries and new entrepreneurs etc. The Council bridges the gap between the Government and the stake holders inter se. I have gone through the latest issue of "COSIDICI COURIER" and find the information published therein to be very useful. The objectives of COSIDICI are more relevant in the present state of Indian economy which has recently come out of the impact of global melt down and is ready to take off to achieve greater heights. I am sure the efforts of COSIDICI would go a long way to achieve the overall objective of attaining higher growth in GDP.

I wish all success to the COSIDICI and its Journal "COSIDICI COURIER".

(B.S.Meena)

Shri K.K.Mudgil
Secretary General
Council for State Industrial Development
& Investment Corporations of India
