MESSAGE

I am glad to know about activities of COSIDICI. Organisation like yours, being apex body of SLFIs, renders useful services to its members and represents their views to the government.

The “COSIDICI COURIER” bi-monthly journal is playing pivotal role in establishing direct communication link with your members. The journal also helps various other organisations like banks, financial & academic institutions, and government departments to understand various activities of your organisation.

I extend my heartiest congratulations on the new issue of your journal.

With warm regards,

Shri K. K. Mudgil
Secretary General
Council of State Industrial Development
