## **Message**

I am happy to know that the Council of State Industrial Development & Investment Corporations of India (COSIDICI) is going to publish its regular bi-monthly Journal titled 'CONSIDICI COURIER'.

I am informed that the COSIDICI is an apex body of all State Level Financial Institutions (SLFIs) functioning in different states of the country namely State Financial Corporations (SFCs), State Industrial Development Corporations (SIDCs) and State Investment & Infrastructure Development Corporations (SIIDCs) engaged in the promotion, development and financing of industries in the small, medium and large sector and also developing industrial infrastructure facilities in the states.

I hope that the Council will take steps to encourage industries and ensure rapid development of industrial infrastructure facilities in all the states, as the same need further boost.

The journal's popularity among the commercial banks, all India Financial Institutions, Government Departments, University Libraries, Industry Associations and individual entrepreneurs should be appreciated.

I wish all the success for the Journal.

  
( Akhilesh Yadav )
