MESSAGE

It gives me great pleasure to learn that Council of State Industrial Development & Investment Corporation of India (COSIDICI) is organizing its annual award function on 15th February, 2013 to honour the successful units funded by the State Financial Corporation (SFCs) and State Industrial Development Corporation (SIDCs) for their excellent performance.

The MSME sector contributes 40% to India's exports and 45% to the country's industrial output and these State Level Financial Institutions (SLFIs) have played a pivotal role in the overall promotion and development of this sector. Their trained personnel and in-depth knowledge of the State Government policies, local conditions and opportunities allows them to manage and support resources effectively to achieve meaningful and sustainable results thus enabling the country to achieve its development objectives.

On this occasion, I would like to congratulate all the award winners for their meritorious performance and convey my best wishes to COSIDICI.

(K. H. MUNIYAPPA)

NEW DELHI

28 JAN 2013

MESSAGE

It is a matter of great pleasure that Council of State Industrial Development & Investment Corporations of India(COSIDICI) is organizing its first annual Award Function on February, 15, 2013 at Delhi to felicitate the successful units financed by the State Level Financial Institutions(SLFIs).

These SLFIs are a major source of financial and technical assistance to the vibrant and entrepreneurial MSME sector thus stimulating economic growth and development. They help to promote entrepreneurship and play an integral role in inclusive growth by also assisting and handholding artisans, craftsman and traders. Many of the large and medium scale industrialists of today started their ventures initially with the assistance from SFCs/SIDCs in the States. The role of these developmental institutions has undergone a transformation due to the impact of economic reforms since the 1990s. However, the strength of these SLFIs lies in their familiarity with the local knowledge about the industrial potential and ground-level issues. Their ability to leverage this advantage and adapt to the changes in the industrial scenario and work in tandem with the other players in the field will enable them to continue with their earlier role of stimulating local economic growth and development.

I congratulate COSIDICI for this maiden effort to recognize excellence in the MSME sector. I would also like to congratulate all the award winners and hope they would achieve even better performance in the years to come. I am confident that this effort of COSIDICI will be institutionalized so that this event becomes an annual event that rewards meritorious performance.

(Namoi Narain Meena)

MESSAGE

I am happy to learn that Council of State Industrial Development & Investment Corporations of India (COSIDICI) is holding an "Award Function" for "Felicitation successful units financed by the SLFIs" on 15th February, 2013 at New Delhi and a souvenir is also being brought out to mark this occasion.

I have been given to understand that the COSIDICI is providing specialized training programmes for the officers of SLFIs and rendering useful services to its Members Corporations. I do hope that the efforts of COSIDICI would go a long way in achieving the overall objective of economic growth of the country.

My best wishes for the success of the entire events.

संदेश

मुझे यह जानकर प्रसन्नता है कि देश के विभिन्न वित्त निगमों के कार्य-कलापों को प्रकाशमान करने वाली संस्था-काउन्सिल ऑफ स्टेट इन्डस्ट्रीयल डवलपमेंट एण्ड इन्वेस्टमेंट कारपोरेशन ऑफ इंडिया, नई दिल्ली के तत्वावधान में 15 फरवरी, 2013 को देश के औद्योगिक क्षेत्रों में 18 प्रदेशों के राज्य वित्त निगमों से वित्त पोषित इकाइयों के जरिये उत्कृष्ट कार्य करने वाले उद्यमियों के अवार्ड समारोह का आयोजन और इस अवसर पर एक स्मारिका का प्रकाशन किया जा रहा है।

औद्योगिक विकास को बढ़ावा देने के लिये इस प्रकार के आयोजन अपने आप में महत्वपूर्ण हैं। इससे मध्यम, लघु एवं सूक्ष्म उद्योगों और उद्यमियों एवं दस्तकारों को प्रोत्साहन मिलने के साथ देश के औद्योगिक एवं आर्थिक विकास का मार्ग प्रशस्त होता है।

आशा है कौन्सिल के इस समारोह के कार्यक्रम इन उद्योगों से जुड़े उद्यमियों एवं हस्तशिल्पियों की वित्तीय एवं व्यावहारिक समस्याओं के समाधान के साथ वैश्विक प्रतिस्पर्धा के लिए विश्व स्तरीय तकनीकों का अधिकाधिक उपयोग बढ़ाने एवं कारगर नीतियों का समुचित लाभ उठाने की दिशा में सार्थक सिद्ध होंगे।

मैं आयोजकों तथा अवार्ड प्राप्त करने वाले सभी उद्यमियों को बधाई देते हुए इस समारोह के आयोजन एवं स्मारिका के प्रकाशन की सफलता के लिए अपनी हार्दिक शुभकामनाएं प्रेषित करता हूँ।

MESSAGE

I am happy to learn that the Council of State Industrial Development & Investment Corporations of India (COSIDICI) is holding its 'Annual Awards Function' on 15th February, 2013 at New Delhi to felicitate the successful units financed by its Member Corporations viz. all the SFCs, SIDCs and SIICs in the country.

These SLFIs have been assisting this very important sector of the country. They have fulfilled the socio-economic obligations of the State and have played a crucial role in a balanced regional growth and inclusive development. The SLFIs have been nurturing the first generation entrepreneurs since independence thus leading to job creation in the furthest corners of the country. They have also created industrial infrastructure by setting up industrial parks and estates, SEZs and providing industrial housing. India is poised to grow at a greater speed in the coming years. The concerted efforts of all the players in the field will ensure that the targeted growth takes place. I hope these SLFIs continue to fulfil their developmental role in the future too.

I am also happy to state that Karnataka State Financial Corporation has played an important role in the development of the MSME sector in Karnataka. It has been instrumental in assisting more than 1,66,000 units and has provided an assistance of around Rs.12,000 crores. It is one of the pioneer institutes in the country set up in the year 1959 and I am glad to say that it is continuing to provide assistance to the Micro, Small and Medium Enterprises in our State. I am sure that Karnataka State Financial Corporation and all the other sister organisations in different States will continue to provide valuable services towards the growth of the industry in our country.

COSIDICI's efforts in showcasing the achievements of these developmental Financial Institutions are, therefore, laudable. I wish COSIDICI and its Members success on the occasion of the 'Award Function'. I also extend my best wishes to all the award winners.

(JAGADISH SHETTAR)
Chief Minister

MESSAGE

The 21st century has witnessed the highest rate of technological advancements in terms of upgradations and innovations. The trends and traditions of the business and trade have changed in this scenario.

The role of the Council of State Industrial Development & Investment Corporations of India (COSIDICI) monitoring and co-coordinating the financial institutions like State Financial Corporations (SFCs), State Industrial Investment and Infrastructure Development Corporation (SIICs) is very significant in terms of promotion, development and financing of small and medium industrial sector. The small and medium scale industries have a greater share in the national revenue. The scope of local employment generation is wider in this sector. The possibility of entrepreneurship development, decentralization of the economic activity etc. are the strengths of this sector.

With this reference, the ‘Award Function’ for “Felicitating Successful Units Financed by the SLFIs” will be the motivating force for the state level finance institutions for enhancing their performance and contribution towards the industrialization and economic progress of the country.

I extend my congratulations to COSIDICI for organizing the “Award Function”. I extend my best wishes for the publication of the ‘souvenir’ on the occasion.

I am glad to learn that Council of State Industrial Development & Investment Corporations of India (COSIDICI) is holding an award function in February 2013 to facilitate units financed by State level financial institutions which have excelled in their area of activity and serve as role models for other enterprises.

SIDCs and SFCs have very important role to play if the country is to achieve the ambitious target set under the National Manufacturing Policy to increase the contribution of manufacturing sector from 16% of GDP to 25% of GDP in a time bound manner. While this will require concerted efforts at various levels, one of the important areas where COSIDICI can contribute is to ensure that the existing industrial areas in the country adhere to the highest standards for maintenance and cleanliness, with proper infrastructure facilities being provided to industrial units. Improved maintenance of industrial estates and industrial areas will present a positive and progressive face of Indian manufacturing and enhance the competitiveness and image of Indian industrial enterprises in a highly competitive global environment. I hope COSIDICI would be able to take concrete steps in this regard.

I would like to extend my best wishes to COSIDICI on the occasion of the award function.

MESSAGE

I am happy to know that Council of State Industrial Development and Investment Corporations of India (COSIDICI) is holding a Award Function on 15th February, 2013 to celebrate the success of entrepreneurs and to the organizations dedicated for the purpose.

Small and Medium Enterprises are the backbone of nation's economy, constitutes bulk of industrial base and contributes significantly to exports as well as Gross Domestic Product. It being the largest generator of employment in the Indian economy hence performs a special role in the industrial activities of the nation.

I appreciate the initiative of COSIDICI which is representing State Level Financial Institutions comprising of 18 SFCs and 29 SIDCs engaged in promotion, development and financing, manufacturing and servicing of SME's. I wish COSIDICI a success on its endeavor for the Award Function and hope it will fulfill its goal to provide visibility and contribution made by State Level Financial Institutions towards industrialization and economic progress of the country.

I am glad to learn that Council of State Industrial Development & Investment Corporations of India (COSIDICI) is giving awards to successful units financed by State Level Financial Institutions (SLFIs) on 15th February, 2013. The COSIDICI over a period of more than four decades have played an important and unique role in development and promotion of first generation entrepreneurs and have contributed immensely to industrial development of the country.

I appreciate that this Award Function would give vision to the contribution made by the SLFIs towards industrialization and economic progress of the country and also motivate the successful units to continue with their good performance.

I feel happy to know that awards are being given to a few State Level Financial Institutions (SLFIs) also which have excelled in their performance and line of activity. This will motivate SLFIs to do their activities in a better way to achieve the higher goals. I am sure that the efforts of the COSIDICI would be continued in future for achieving overall objectives of economic growth of the country.

I compliment the initiatives taken by COSIDICI in organizing this Award Function and wish the event all success.

MESSAGE

It gives me great pleasure to learn that the Council of State Industrial Development & Investment Corporations of India [COSIDICI] is felicitating successful industrial units financed by State Level Financial Institutions [SLFIs]. I would like to convey my heartiest congratulations to all the entrepreneurs who have excelled in their lines of activity. The success of these entrepreneurs is also a reflection on the yeoman service being rendered by the SLFIs over the last few decades in fostering entrepreneurship and industrial growth, which deserves equal commendation.

COSIDICI has been functioning as a Clearing House for sharing of experiences by its members and provide them with a common platform for addressing common issues and influencing the policies having a bearing on the development of the Micro, Small and Medium Enterprises (MSME) sector. Since its formation in 1976, the Federation has played a critical role in coordinating and integrating the activities of its member corporations by disseminating knowledge and information about promotion and development of industries.

Entrepreneurship is one of the great social and economic forces of all time. Entrepreneurship is the process of transforming a business concept into a business venture. Entrepreneurs identify an opportunity, mobilize funds and management skills and take calculated risks to develop & build markets for new products, processes and services. Entrepreneurship requires a fusion of talent, ideas, capital and know-how, which is a dynamic process. The surge of interest in entrepreneurship activity reflects a transformation of the society and is characterized by a new wave of business and technological developments.

Over the years, the Government has played a commendable role in leading economic growth. Today, the Government's role is primarily that of a facilitator, while economic growth is being driven by entrepreneurs. As the world continues to change and evolve, the impact of entrepreneurship on the economy will be felt even more deeply.

The MSME sector is considered the engine of economic growth. MSMEs have been promoted as channels for promoting equitable development as well as being the driving force of the modern enterprise. The sector provides for a high employment potential at low capital cost, besides encouraging the entrepreneurial spirit and technological innovations.

The importance of the MSME sector is amply substantiated by the fact more than 95% of enterprises in the OECD (Organization for Economic Co-operation and Development) area are MSMEs and account for almost 60% of private sector employment. In India, MSMEs contribute significantly to manufacturing output, employment and exports and the sector is aptly considered as the backbone of the economy. It is estimated that in terms of value, the sector accounts for about 45% of the manufacturing output and 40% of the total exports of the country. The sector's contribution towards Gross Domestic Product (GDP) was 17% in 2011. In 2010-11, the sector employed about

(2)

73 million people. On average, the sector creates 1.3 million jobs every year and produces more than 8000 quality products for the Indian and international markets.

As the country strives for a higher and inclusive growth, the MSME sector assumes a greater importance owing to its inherent nature. The various institutions and associations supporting the MSMEs can play a pivotal role in the growth and development of the sector through pro-active measures, particularly with regard to credit facilities from banks, knowledge & availability of suitable technology, effective marketing & identification of new markets, and interaction with government agencies on various matters.

The MSME sector has performed exceedingly well and enabled our country to achieve a wide measure of industrial growth and diversification. Besides a vibrant domestic market, the MSME sector also has the potential to establish itself at an international level. In such a scenario, it is imperative that organizations such as COSIDICI take initiatives to remove the financial and infrastructural bottlenecks and aid the growth of the sector and realize its full potential.

I wish COSIDICI all success in all its future endeavors.

MESSAGE

Micro, Small and Medium Enterprises (MSME) Sector is an important pillar of the Indian economy as it contributes significantly to industrial production and exports. The remarkable feature is its capacity to generate employment and promote inclusive growth.

Council of State Industrial Development and Investment Corporations of India (COSIDICI) has historically played an important role in the development of this sector. The initiative of COSIDICI to felicitate successful units financed by the State Level Institutions would inspire our youth to set up their own enterprise, rather than seeking wage employment. I congratulate all the beneficiaries whom COSIDICI is felicitating.

Going forward State Level Institutions need to realign their product offering in line with India's growing manufacturing and more so the services sector by identifying and plugging in gaps in the overall MSME eco-system, thereby creating a viable, sustainable niche for themselves.

COSIDICI can play a pioneering role in helping State Level Institutions re-invent themselves.

I wish COSIDICI all success in this challenging endeavour.
